

**REPORT OF THE
COMMUNITY DEVELOPMENT STATISTICS SURVEY,
2010**

CONDUCTED BY:

**DEPARTMENT OF RESEARCH AND STATISTICS,
MINISTRY OF ECONOMIC PLANNING AND BUDGET,
AKURE
ONDO STATE.**

JULY, 2011

PREFACE

The Status of infrastructural facilities in communities provides good criterion for measuring human development. It is also required for planning for development as these facilities help the citizenry in their production, distribution and consumption activities. The report is a product of statistical survey conducted by this department to provide an update of the baseline information on each town, village and hamlet.

The data contained herein is in respect of the following:

- ✓ Name of towns, villages or hamlets
- ✓ Distance of each place to the Local Government headquarters and accessibility by roads (lengths of tarred and untarred roads)
- ✓ Availability of amenities (water, power supply, education institutions, healthy institutions, police stations, Banks post office/postal Agencies, petro/filling Stations, Motor parks, product Houses/Stores and Coop. Societies (Registered).
- ✓ Other information captured include Recreational facilities, market outlets, major markets produce, cash crops, major crafts of inhabitants, GSM services, off farm storage facilities, Manufacturing industries and existence of Community Development Committee.

It is hoped that the report will help to engender the spirit of competitive development through self help efforts by the different communities to compliment government efforts. Researchers, Academicians, Development partners and other stakeholders of the state's economy will find the report useful.

The data here is bound to change over time because developmental projects are being commissioned in every nook and cranny of the state on regular basis. The State Government under its Infrastructure, Institution and (3is) Industry is programme has in

recent times launched a number of development initiatives to improve the economic and social life of its people.

The cooperation and active participation of the various Local Government councils and the communities in the successful conduct of this survey is highly appreciated.

Director,
Research and Statistics Department,
Ministry of Economic Planning and Budget,
Akure,
Ondo State.
July, 20011

INTRODUCCION

The improvement of well-being and socio-economic conditions of the people is a major task of government as spelt out in the Nigerian constitution. The achievement of this goal requires accurate planning, which is turn is hinged on the availability of reliable and comprehensive data. Undoubtedly, non-availability of necessary data will make planning to be largely speculative and monitoring of human development difficult.

Improvement in infrastructural facilities in communities provide good criterion for measuring development as these facilities help the citizens in the production, distribution and consumption activities, enhance the quality of life as well as motivate productivity.

This survey was therefore carried out to collate and present information on the status of selected infrastructural facilities in communities in the State. It also provides insight into the income generating activities and potential as well as recreational facilities in the various communities.

Some of the features of communities covered are; Roads, Water supply, Electricity, Educational institutions, Health institutions, Police Station, Banks, Post Offices, Major market products and major crafts. Information on availability of Global System of Mobile Communication (GSM) services is captured to support activities in the emerging Information Communication Technology (ICT).

OBJECTIVES OF THE SURVEY:

The survey has the following objectives:

- ✓ Provide a list of communities in each of the 18 Local Government Areas;
- ✓ Present status of communities in terms of infrastructural development;
- ✓ Give insight into the type of goods and agricultural products available in each community/locality;
- ✓ Provide baseline data for planning;
- ✓ Guide the monitoring of implementation/attainment of development programmes/agenda such as vision 20:2020, “A CARING HEART”, MDGs, etc;
- ✓ Provide essential information for investors and development partners; and
- ✓ Enhance the categorization of communities in terms of development.

COVERAGE OF THE SURVEY:

The survey covered all the eighteen Local Government Areas in the State. All the identified communities were listed and covered.

THE SURVEY INSTRUMENT:

The survey made use of structured questionnaires to collect the required information.

SCOPE OF THE SURVEY:

The questionnaire was designed to elicit information the following areas:

- ✓ Name of community i.e Town, Village or hamlet
- ✓ Distance of community to Local Government headquarters (in kilometer)
- ✓ Accessibility of community to the Local Government headquarters by road i.e whether the road is tarred or untarred (in kms)
- ✓ Source of power supply
- ✓ Source of public water supply
- ✓ Number of Educational Institutions (Government and Private) in each community
- ✓ Number of Health Institution (Government and Private)
- ✓ Number of police stations, Banks, Post office/Postal Agencies, Petrol filling stations, Produce Houses/stores and cooperative societies (Registered)
- ✓ Type of Recreational facilities available
- ✓ Number of Market outlets
- ✓ Major crafts of inhabitants of each community
- ✓ Availability of Internet Services to the community

- ✓ Availability of GSM Services
- ✓ Availability of Off Farm Storage facilities
- ✓ Availability of Manufacturing industries
- ✓ Existence of Community Development Committee(s)

PERSONNEL INVOLVED:

Officers of the department drawn from the Headquarters and Zonal offices served as Enumerators and Supervisors while the three top Management staff served as coordinators for the exercise. Officers from the Budget, Planning, Research and Statistics of all the eighteen Local Government were involved in the exercise.

METHOD OF DATA COLLECTION:

The structured questionnaire as the major instrument of the survey was used to capture data from identified data points. Sources contacted for data collection were: Budget, Planning, Research and Statistics Departments and Community Development Departments of all Local Governments, traditional rulers and the individual communities.

DATA PROCESSING AND ANALYSIS:

The processing of the field returns began with manual collation and editing. This was followed by data entry using the Microsoft Excel package. The simple frequency and percentage analysis were adopted to analyse the data from the survey. The final

tabulation saw the generated relevant statistical tables at local government and community levels which could be useful for development planning.

REPORT WRITING:

The Report of the survey exercise was put together by the coordinators as a team work. Findings from the exercise constitute the basis for the report.

OBSERVATIONS:

➤ Distribution of communities:

Table 1 provides the information on the number of communities recorded by Local Government Areas. A total of 3,296 communities were recorded in the eighteen (18) Local Government Areas of Ondo State. Akoko North East Local Government Area records the least number of community figure of 9 while the highest of 423 was recorded by Owo Local Government Area. The longest distances of communities to Local Government headquarters ranged between 9km and 180km. The community with the longest distance to Local Government headquarters was recorded by Owo Local Government Area. Akure South Local Government Area houses the state capital and it is located at the Central Senatorial District. The distances of Local Government headquarters to the state capital ranged between 16km (Idanre) to 168km (Ese-Odo).

➤ Number of communities with Treated water (or Borehole) and Electricity:

Provision of treated water and Electricity are necessities for both the well being of the citizens and socio-economic developments. Out of 3,296 communities recorded, 1,058 are communities with treated water of Borehole while only 371 are with Electricity. These figures represent 32.1% and 11.3% respectively. Akoko South East recorded 100% of communities with treated water or borehole. (SEE DETAIL IN TABLE 2). While Ondo West recorded the least (6.8%).

➤ Number of communities with Public Education Institution:

One of the overarching MDGs is to empower all citizens through provision of quality basic education. Highlights on the number of communities with educational institutions (public) is provided in table 3. According to the study, there are 700 and 208 communities with public primary and secondary schools respectively. There were 5 communities with Technical Colleges, one community with college of Education and one community with Polytechnic. 3 Communities are with University in the state. Other Educational Institutions are spread in 158 communities. These institutions include Adult Education Centre, School of Nursing, School of Midwifery and school of Health Technology.

➤ Number of Communities with Public Health Institutions:

The number of available Health facilities in each community has direct bearing with the health status of the citizen. Table 4 provides information on the number of communities with Public Health Institutions. These Institutions are General/Specialist Hospitals, Comprehensive Health Centres and Basic Health Centres. There are 20 (0.6%), 58 (1.6%) and 293 (8.9%) communities with General/Specialist Hospitals, Comprehensive Health Centres and Basic Health Centres respectively. The General/Specialist Hospitals include the Mother and Child Hospital in Akure. All the Local Government Areas have at least one of the health institutions.

➤ Distribution of Educational Institutions (Private)

Table 5 shows the number of communities with private educational institutions in the state. The table shows that 506 communities are with private primary schools while 105 communities were recorded to have private secondary schools. Only 1 community was recorded to have each of school of Health Technology and College of Education. According to the figures in the table, three (3) communities spread in 3 Local Government Areas of Ifedore, Ondo West and Owo are with private universities.

➤ Access to Information and Communication Technology

One of the very important means of communication in recent times is the Global System for Mobile Communications (GSM) and the Internet. Provision of these services has become necessary in the emerging challenges in all the facets of human life. Figures from this survey indicate that 1,880 representing 57% of all the communities recorded have GSM services. The GSM services are provided by private GSM network service providers in the country. There are few communities with Internet Services as only 127 (3.9%) communities were recorded to have Internet Services.

➤ Distribution of other Amenities in Communities

Provision of some amenities such as police Station, Bank and Post Office/Postal Agency engender development in communities in particular and the state in general. The distribution of these amenities is shown on table 7. Out of 3,296 communities recorded, 93 are with police station, 47 are with Bank while 63 are with Post Office/Postal Agency. In addition, there are 2,542 registered Cooperative Societies spread all over the communities. The cooperative societies varied in sizes (Number of members) and operations.

➤ Communities with Manufacturing Industries

Information as provided in table 8 shows that only 35 communities representing about 1% are with manufacturing Industries. The 35 communities are spread over 14 Local Government Areas leaving 4 Local Government Areas of Akoko South East, Akoko South West, Akure North and Ifedore without manufacturing industries.

➤ Summary of Communities with Farm Storage facilities;

In line with the MDG on hunger, provision of food during and off season is essential. To this end, silos are used to store food to prevent waste during plenty. Table 9 shows that only 8 communities spread in four (4) Local Government Areas are with farm storage facilities. According to this figures, there are two (2) communities each in Ese-Odo, Odigbo and Owo while it is one (1) community each in Irele and Ondo West. The number of communities with silos is less than 1% of the total number of communities in the state.

➤ Summary of Major Market products and major crafts

The abundance of human and natural resources in the state numerous market products that are available in all the communities. The people engage in different crafts/occupation to boost their socio economic lives.

Table 10 shows the major market products and major crafts/occupation in the 18 Local Governments in the state.

- Details of information on community basis are presented in tables 11 to 28

SUMMARY OF MAJOR MARKET PRODUCTS AND MAJOR CRAFTS

S/N	LOCAL GOVERNMENT AREA	MAJOR MARKET PRODUCTS	MAJOR CRAFTS/ OCCUPATION
1	AKOKO NORTH EAST	Gari, Maize, Plantain, Kolanut, Coconut, Yam, Palm Oil, Cashew	Weaving, Carpentry, Tye & Dye, Blacksmithing
2	AKOKO NORTH WEST	Yam, Rice, Maize, Gari, Kola-nut, Palm Oil, Plantain, Cashew	Weaving, Carpentry, Tye & Dye, Blacksmithing, Pottery
3	AKOKO SOUTH EAST	Gari, Plantain, Local Gin, Gari, Palm oil, Wanut, Coconut.	Tye & Dye, Weaving, Black Smiting, Carpentry
4	AKOKO SOUTH WEST	Palm- Oil, Kolanut, Yam, Maize, Gari Coconut, Plantain, Fish	Black Smiting , Carpentry, Weaving, Tye & Dye
5	AKURE NORTH	Maize, Palm- Oil, Gari, Plantain, Fish, Yam, Cashew	Weaving, Carpentry, Tye & Dye, Blacksmithing, Pottery
6	AKURE SOUTH	Yam, Gari, Rice, Palm- Oil, Coconut, Plantain, Maize	Weaving, Tye & Dye, Carpentry, Pottery
7	ESE- ODO	Fish, Palm- Oil, Local Gin, Gari, Yam, Maize	Boat Making, Weaving, Carpentry, Pottery
8	IDANRE	Gari, Yam, Rice, Plantain, Palm-Oil, Maize	Weaving & Carpentry, Tye & Dye
9	IFEDORE	Gari, Yam, Plantain, Kolanut, Cashew, Maize, Palm-Oil	Black Smiting, Pottery, Weaving, Carpentry
10	ILAJE	Fish, Palm- Oil, Local Gin, Gari, Coconut	Boat Making, Carpentry, Weaving, Blacksmithing
11	ILE – OLUJI/ OKEIGBO	Maize, Palm- Oil, Plantain, Gari, Fish, Palm-Oil, Yam	Weaving, Carpentry, Pottery, Blacksmithing
12	IRELE	Fish, Rice, Palm- Oil, Local Gin, Gari, Plantain, Kolanut	Boat Making, Pottery Blacksmithing
13	ODIGBO	Kolanut, Coconut, Palm- Oil, Maize, Cashew, Gari	Carpentry, Black Smiting, Tye & Dye, Weaving
14	OKITIPUPA	Fish, Palm- Oil, Local Gin, Rice, Gari, Kolanut	Boat Making, Weaving, Tye & Dye, Pottery, Carpentry
15	ONDO EAST	Maize, Yam, Plantain, Kolanut, Gari, Fish	Weaving, Carpentry Blacksmithing, Pottery
16	ONDO WEST	Maize, Yam, Plantain, Gari, Palm-Oil	Weaving, Black Smiting, Carpentry
17	OSE	Gari, Yam, Plantain, Maize, Palm-Oil	Weaving, Carpentry & Pottery
18	OWO	Gari, Yam, Palm- Oil, Maize, Cashew, Kolanut, Coconut	Black Smiting, Weaving, Carpentry, Pottery, Tye & Dye
