## FOREWORD

This is the 2011 edition of "Price Statistics" published by Niger State Bureau of Statistics (NSBS). The publication is one of the series of Statistical publications produced by the State's Apex Statistical Agency (NSBS) in its effort to make available relevant data that will be useful for policy formulation, planning, project/programme Monitoring and Evaluation as well as Research.

The publication is aimed at making available to the general public some basic facts about Niger State. The data contained in the publication were generated from the daily, weekly and monthly retail market prices of some food items, processed food items, edible oil/nuts e.t.c in some selected markets across the state.

The Government and people of Niger State are particularly grateful for the support of the NBS, World Bank, UNDP and other Development Partner in transforming the Apex Statistical Agency of the State (Niger State Bureau of Statistics) to a Statistical outfit capable of meeting modern day statistical challenges.

We welcome constructive criticism and suggestions that will lead to the enhancement of subsequent editions of this publication.

***Hon. Commissioner,  
Ministry of Budget & Economic Planning and  
Deputy Chairman, Niger State Planning Commission***
