PREFACE

This is the first edition of the publication on the projected population of Akwa Ibom State. It covers the period 2007 – 2015 and gives the projected population of the State by year, sex, residence, age group and Local Government Area. The projection was obtained from 2006 population census figure for Akwa Ibom State using the acceptable growth rate of 3.4 per cent all round. The growth rate was obtained from the National Population Commission, Akwa Ibom State Office, Uyo.

The projection was done by staff of the Directorate of Statistics, Ministry of Economic Development and is based on the Compound Interest Formula, $P_n = P_o + (1 + r)^n$, where;

P_n	=	projected population for year n
P_o	=	2006 population census figure
1	=	constant
r	=	population growth rate for Akwa Ibom State
n	=	number of years

On behalf of the Permanent Secretary and staff of Ministry of Economic Development, I wish to thank His Excellency, the Executive Governor of Akwa Ibom State, Chief Godswill O. Akpabio (CON), for the love and support to enhance the production of quality and timely statistics in the State.
